Mr. Miller

As I am sure you are aware, we have a problem with the San Jacinto Waste Pits and I would like to have my voice heard when the E.P.A makes a decision about fixing the problem.

Simply put, put a cap on it! The last thing I want is to be further exposed toxins while they are digging it up.

Thank you for taking time to consider my opinion.

Sincerely,

(b) (6)

Baytown, TX 77520
